OBJECTIVE

System Engineer & Computer Engineering Graduate with a strong foundation in system design, networking, and technical operations. I bridge the gap between theoretical engineering and practical implementation, focusing on optimizing infrastructure and automating complex workflows. A proactive problem-solver dedicated to continuous improvement and the integration of modern software tools to solve real-world technical challenges through scalable and efficient solutions.

EXPERIENCE

LGU- Manolo Fortich, Tankulan M.F Bukidnon

August 2025

Administrative Aide IV (Clerk III)

- Developed dynamic websites and internal systems using modern technologies (Laravel, PHP, MySQL, Vue/Livewire).
- Designed, developed, and deployed web-based systems and automation platforms for office operations and public service delivery.
- Assisted in network setup, server configuration, and troubleshooting of connectivity and system issues.
- Generated technical documentation, reports, and user manuals for deployed systems.

LGU- Manolo Fortich, Tankulan M.F Bukidnon

January 2025

Intern

- Assisted in system maintenance, data encoding, and technical troubleshooting.
- Supported daily ICT operations including hardware setup, software installation, and network support.
- Collaborated with team members to improve filing systems and digital records management.

EDUCATION

University of Science and Technology of Southern
Philippines , Lapasan, Cagayan de Oro City

July 2025

Bachelor of Science in Computer Engineering

- Relevant coursework: Embedded Systems, Database Management Systems, Computer Networks, Software Engineering, Microprocessors, Digital Systems Design
- Thesis: *ESP32-Based Tester for 7400 Series Logic Gate ICs with Bluetooth-Enabled Mobile Application Integration*

SKILLS

- Basic to Intermediate Web Development (Laravel, PHP, Vue, Livewire)
- Network troubleshooting and hardware/software installation
- Willing to learn and adapt to new technologies and systems
- Hardware & Networking: PC troubleshooting, system installation, network setup
- Microsoft Office & Technical Documentation
